

18-way indoor distribution box

Overview

This robust 18 way power distribution box is engineered to accommodate multiple circuit breakers, making it an ideal solution for residential and commercial electrical setups. Premium quality: made of durable iron and PC plastic cover, resistant to deformation. Versatile use: The Merlin Gerin AC24V Indoor Branch Power Supply Box (model JH-NF24-300W-18P) is a robust and efficient solution for distributing power in indoor environments. Designed for high performance, this 18-way power supply box supports up to 12.5A of electrical load, making it suitable for a wide range. The IP65 watertight distribution enclosures are designed for indoor and outdoor use and are made of high-quality halogen-free plastic materials such as ABS and polycarbonate.
