

Are there custom-made electrical distribution boxes in New Zealand

AI Overview

New Zealand manufacturers offer fully customizable electrical distribution boxes and enclosures, tailored to project-specific requirements with compliance to international standards. Leading Manufacturers and Their Capabilities Spectrum provides custom electrical switchboard enclosures and cabinets, offering both standard sizes and fully bespoke designs based on supplied drawings. They also provide full design and build services for complex projects, serving a wide range of industries across New Zealand . Built Boards specializes in metal switchboard enclosures, outdoor electrical boxes, and custom distribution boards. They can modify standard switchboards or create fully custom solutions to meet unique power requirements. Their products include stainless steel and powder-coated options, suitable for both domestic and commercial projects . GSME (Gilbert Sheetmetal & Engineering Limited) manufactures aluminium and stainless-steel electrical cabinets, meter boxes, panels, and switchboards. They collaborate with clients to design tailor-made solutions for electrical, traffic, and infrastructure applications, including pillar boxes, gear plates, and mounting frames . IP Enclosures NZ focuses on precision-engineered custom enclosures for industries such as mining, automation, renewable energy, and telecommunications. They offer prototype to high-volume production, with compliance to IEC/EN 62208, IEC/EN 61439, IEC/EN/AS 60529 (up to IP66), CE, UKCA, and UL standards. Their process includes 2D and 3D design support to ensure the enclosures meet both functional and environmental requirements . Stainless Electrical Products (SEP), based in Hamilton, provides stainless steel enclosures and integrated electrical systems. They offer IP66-rated enclosures, modular cabinets, and custom electrical solutions, including turnkey fabrication and stackable modular designs. SEP also supplies encl...

Internal electrical power services

Smoke AlarmsMeter BoxDistribution BoardSurge ProtectionResidual Current Device (RCD) ProtectionEarthingLabellingWorking on Existing BuildingsMeter boxes (for mains supply only) can be metal, fibreglass or PVC-U. In coastal areas, PVC-U, fibreglass or stainless steel are the best options. Inside-opening boxes with only a window to the outside (through the cladding) are becoming more common – these need to be installed in a garage or utility area where the industrial look of the meter box...See more on level .nzviox
