

# Austrian cable tray models and prices

## AI Overview

Cable tray prices in Austria vary depending on material, type, and supplier, typically ranging from budget-friendly options to higher-end industrial-grade systems. Price Overview In Austria, cable trays are generally considered cost-effective solutions for organizing electrical and data cables, with prices influenced by material, design, and load capacity . Common materials include: Steel (galvanized or stainless): Durable and suitable for heavy-duty industrial applications. Aluminum: Lightweight, corrosion-resistant, and easier to install. Fiber-Reinforced Plastic (FRP): Fire-resistant and ideal for specialized environments . Typical B2B prices for professional-grade cable trays can range from €0.80 to over €70 per unit, depending on size, material, and bulk purchase agreements . For smaller-scale or consumer purchases, prices may be slightly higher per unit but include convenience and shipping . Types and Cost Factors Ladder trays: Feature cross-members for heavy power cables; generally more expensive due to load-bearing capacity. Perforated trays: Offer ventilation and flexibility; moderately priced. Solid-bottom trays: Provide full protection for sensitive cables; prices vary with material thickness . Additional factors affecting cost include installation complexity, compliance with DIN EN 61537 and European standards, and supplier services such as fast shipping or technical support . Suppliers in Austria Several Austrian suppliers and manufacturers offer competitive pricing and a wide range of options: GroupSumi: Offers affordable and durable cable trays with fast shipping and customer support . Jeetmull Jaichandlall: Recognized among top Austrian suppliers, providing high-quality trays at competitive prices . Ekabel24: Provides a variety of materials and designs, suitable for industrial and commercial projects . Market Trends The Austrian cable tray market is mature but evolving, with demand driven by industrial modernization, energy infrastructure, and IT/data center expansion . Prices are influenced by raw material costs, supply chain dynamics, and...
