

Bahrain Trapezoidal Cable Tray Price List

AI Overview

Exact prices for trapezoidal cable trays in Bahrain vary by supplier, material, size, and quantity, and are typically provided upon request from manufacturers or distributors.

Overview Trapezoidal cable trays are widely used in commercial, industrial, and institutional electrical installations in Bahrain. They provide organized cable management, safety, and accessibility for electrical systems. Suppliers in Bahrain include Bahrain Switchgear & Lighting Industries (BSLI), Bahra Electric, AMETECH, and Jeetmull Jaichandlall, all of which offer a range of cable tray products including trapezoidal, ladder, and wire mesh types.

Factors Affecting Price

Material: Cable trays can be made from galvanized steel, stainless steel, aluminum, or non-metallic materials. Galvanized steel is common and cost-effective, while stainless steel is more expensive due to corrosion resistance.

Size and Dimensions: Width, depth, and length of the tray affect the price. Larger trays or custom dimensions typically cost more.

Finish and Coating: Powder-coated or hot-dip galvanized finishes increase durability and price.

Quantity: Bulk orders often reduce the per-unit cost.

Supplier and Brand: Established manufacturers like AMETECH or BSLI may charge a premium for quality and compliance with industry standards.

How to Obtain Pricing Since most suppliers in Bahrain do not list prices online, the recommended approach is to:

- Contact the sales team directly at BSLI or AMETECH for a quotation.
- Request a catalog or technical specification sheet to ensure the correct type and size of trapezoidal cable tray.
- Compare multiple suppliers to get competitive pricing and delivery options.

Additional Considerations Some suppliers offer custom fabrication to meet specific project requirements. Delivery and installation costs may be additional. Ensure the supplier adheres to Bahrain's electrical and safety standards for cable management systems. By reaching out to suppliers with your project specifications, you can obtain accurate, up-to-date pricing for trapezoidal cable tray...
