

Brunei Single Busway

Overview

Brunei offers a single form of public land transport — the Franchise Bus, previously referred to as the Purple Bus — which represents the most economical way to travel through the city, with a typical fare of BND 1 per journey. Brunei's public bus system is modest in scope but operational, with its core centred on the capital Bandar Seri Begawan (BSB) and routes stretching out to principal towns across the country's various districts. No trams or metro lines exist anywhere in the country. The buses are reasonably priced. Copyright © Land Transport Department, Ministry of Transport and Infocommunications, Brunei Darussalam. Muara Circle KB Seria Lambak Feeder Stop Meragang & TJ Feeder Stop Proposed Interchange Temburong Tutong intradistrict mosquesThe BDNSW System is used to design, implement and operate Single Electronic Window for the Ministry of Finance of Brunei Darussalam for customs clearance of traded goods, thus creating a single point to submit standardized information and documents to meet legal import, export and customs-transit. BSB City Bus is a public transportation provider in Bandar Seri Begawan which operates bus routes. Their bus routes cover an area from the Perumahan Kg Lugu stop to the Pekan Muara stop and from the Kg Sabun (Opp Masjid. Navigating Brunei Darussalam, often dubbed the "Abode of Peace," offers a unique travel experience.
