

Cable tray elbow pricing

AI Overview

Cable tray prices vary by material, type, and size, with standard hot-dip galvanized ladder trays priced around \$15–\$34 per 2.4-meter section, while elbows and other fittings are sold per unit.

Cable Tray Pricing

Hot-Dip Galvanized Ladder Trays: Standard 2.4-meter lengths typically cost \$15–\$34 for B2C purchases, with bulk B2B prices ranging from \$0.80 to over \$76 depending on material and volume.

Stainless Steel (304/316): More durable and corrosion-resistant, suitable for industrial or outdoor applications, generally priced higher than galvanized trays.

Wire Mesh and Basket Trays: Lightweight and flexible, often used for data or communication cables, with prices varying based on size and material.

PVC Trays: Fire-resistant and weatherproof, ideal for indoor or light-duty applications, usually more affordable than metal trays.

Elbow and Fitting Prices

Elbows, Tees, and Junctions: Sold per piece, prices depend on material and size. Hot-dip galvanized elbows for ladder trays are commonly priced individually, often proportionally to the tray section cost.

Custom or Heavy-Duty Fittings: Stainless steel or fireproof FRP elbows may cost more due to durability and compliance with industrial standards.

Factors Affecting Price

Material: Stainless steel > galvanized steel > PVC.

Tray Type: Ladder, perforated, wire mesh, or single rail.

Length and Size: Standard lengths are 2.4 meters; wider or heavier-duty trays cost more.

Purchase Volume: Bulk B2B orders significantly reduce per-unit cost.

Compliance and Standards: DIN EN 61537 or IEC-compliant trays may carry a premium.

Recommendations

For industrial or outdoor installations, consider stainless steel trays for longevity. For office or light-duty applications, PVC or wire mesh trays are cost-effective. Always include elbows and junctions in your budget, as they are essential for routing cables around corners and obstacles.

Compare B2C vs B2B suppliers: B2B bulk purchases offer lower unit prices but require larger initial investment. By considering material, type, and installation requirements, you can s...
