

Complete Construction Site Distribution Box Manufacturer

AI Overview

Leading manufacturers provide durable, IP65-rated construction site distribution boxes with customizable features for safe and reliable power distribution. Key Manufacturers and Products Vililong offers custom outdoor electrical distribution cabinets designed for construction sites. Their enclosures are made from 1.5 mm carbon steel with RAL2004 orange powder coating for high visibility and corrosion resistance. They feature rainproof tops, PU foamed sealing, and double doors, achieving IP65 protection for dust and water ingress, ensuring long-term performance in harsh outdoor conditions. Alibaba suppliers provide a wide range of construction site power distribution boxes suitable for small to large projects. Options include single-phase (110–240V) and three-phase (400V) systems with 4–24 circuit breakers. These boxes are built from corrosion-resistant materials like stainless steel or aluminum, often meeting IP65 or higher standards, and are designed to withstand dust, moisture, mechanical impact, and frequent relocation. Direct Industry-listed manufacturers such as BOSECKER, HLC, WALTHER WERKE, and DIGITAL ELECTRIC produce enclosures compliant with IEC 61439 and IEC 60364 standards. They offer robust sheet steel, thermoplastic, or fiberglass cabinets with IP65–IP67 ratings, impact resistance (IK08–IK10), and pre-wired or modular configurations suitable for both medium and high-power applications. Made-in-China suppliers like Yueqing Beigang Industrial Socket Distribution Box provide plug-in type enclosures with built-in circuit breakers, adaptable to indoor and outdoor environments, and equipped with power indicators and voltage/current displays for enhanced safety. ZCiet manufactures ABS and PC-based waterproof distribution boxes with rubber seals, fire-resistant and UV-protected materials, and spacious interiors for large components....
