

Congo Electrical Distribution Cabinet and Box Manufacturer

AI Overview

E-Abel and Congo Cables & Transformers are key providers of customized electrical distribution cabinets and boxes in Congo, offering durable, climate-adapted solutions for industrial and commercial applications. E-Abel specializes in customized electrical enclosures and distribution cabinets designed for African operating conditions, including Congo. Their cabinets are made from high-quality cold-rolled steel with anti-corrosion treatments, ensuring durability in high temperatures, humidity, and dusty environments. E-Abel offers a wide range of products including distribution boxes, junction boxes, consoles, and racks, available in stainless steel, aluminum, and galvanized painted steel. Their solutions integrate intelligent controllers, interlock devices, and protection components, making them suitable for low-voltage power distribution systems in factories, commercial buildings, and solar PV integration projects. E-Abel cabinets comply with IEC standards and can be installed both indoors and outdoors.

Congo Cables & Transformers (CCTS) Founded in 2022 and based in Lubumbashi, DRC, Congo Cables & Transformers provides complete power solutions, including copper bars, wires, cables, aluminum conductors, and transformers. While primarily focused on cables and transformers, they also offer customized power solutions that can include distribution cabinets and boxes tailored to industrial and commercial needs. Their products are designed for safety, performance, and reliability, and the company emphasizes local manufacturing with world-class quality standards.

International Suppliers Serving Congo Companies like Shengenfab and Chennuo Electric provide custom power distribution boxes and high-voltage distribution cabinets suitable for industrial, construction, and commercial applications. These cabinets feature modular design...

Article Content
