

Construction Site Electrical Distribution Box Procurement Website

Overview

Find your construction site electrical enclosure easily amongst the 25 products from the leading brands (DIGITAL ELECTRIC, YSCABINET, WALTHER WERKE, .) on DirectIndustry, the industry specialist for your professional purchases. BLOCK Series distribution assemblies are made of thermoplastic material DOMINO and feature the same versatility and performance as the DOMINO Series. The pre-wired versions can be used on construction. This sheet metal part commissioned by a US customer has a high degree of customization. Power distribution boxes are robust and reliable solutions for safely distributing electrical power on construction sites, in workshops and temporary installations. 2P+T sockets allow the connection of standard tools, while more complete models offer P17 Industrial Sockets at 32A or single-phase. Labérine Énergie offers electrical distribution cabinets: from 30 to 60 Amperes in Blue Tariff and from 160 to 400 Amperes in Yellow Tariff. Construction site power distribution cabinets are available in various designs to meet the respective. PCE specialises in the production of CEE industrial plugs and sockets, earthing contact plugs and sockets and supplies a complete range of rubber, metal and plastic distribution boxes.
