

Double-layer 24-position distribution box

Overview

The MDB-M24 is an indoor wall box, particularly adapted for FTTH Building (MDU) cabling. The MDB-M24 allows the connection, through patch panels or directly by splices, between the optical fibres feeding the MDU, and the optical fibres from the cables coming from the building network. According to. Global Recycled Standard (GRS) certified products contain recycled content that has been independently verified at each stage of the supply chain, from the source to the final product and meet social, environmental, and chemical requirements. Browse power distribution boxes with circuit breaker protection and multiple outlet configurations. SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS.
