

East Asia 12-core optical cable manufacturer

AI Overview

Leading East Asian manufacturers of 12-core optical cables include Hengtong Group, Weichuang Optics, GL Technology, and Asian Cables (KEC International), all offering high-quality, ISO-certified products for telecom and data center applications.

Hengtong Group (China) Hengtong Group is one of the largest optical fiber and power cable manufacturers in China, ranking among the top three global optical fiber communication enterprises. They operate 12 manufacturing facilities and supply products to over 150 countries. Hengtong offers a full range of optical fiber cables, including 12-core configurations, with ISO and international certifications. Their products are used in broadband access networks, smart cities, and quantum private communication systems, emphasizing high reliability and advanced technology in fiber-optic communication.

Weichuang Optics (China) Based in Jiangsu, China, Weichuang Optics specializes in fiber optic cables, connectors, and customized optical solutions. Their facility spans over 20,000 square meters with 35 production lines, producing cables suitable for data centers, telecom networks, and BBU-to-AAU connections. They provide 12-core optical cables with low insertion loss, high return loss, and long transmission distances, compliant with ISO9001:2015 standards. Weichuang is trusted by major operators like China Telecom, China Mobile, and China Unicom.

GL Technology (China) GL Technology, headquartered in Changsha, Hunan, has 21 years of experience in fiber optic cable manufacturing. They produce ADSS, OPGW, FTTH, indoor/outdoor fiber optic cables, including 12-core variants. Their products meet ISO9001, ISO14001, and AS9100 standards and are exported to over 190 countries. GL Technology collaborates with China State Grid, China Telecom, and international telecom operators, offering high-quality optical solutions for both pow...
