

# Fiber Optic Communication Italy

## Overview

Available in most major cities and expanding to medium-sized towns through Open Fiber (the national fiber infrastructure company) and TIM's network. Check coverage at AGCOM (the Italian communications authority) or directly on provider websites. FTTH is the fastest-growing fixed broadband technology, with major deployments by TIM's FiberCop and Open Fiber across the country. Check if your address is covered. Choose fibre-optic speeds up to 10 Gigabits. This allows us to serve not only the A&B Clusters, i. the large urban areas in which there are 282 Italian municipalities, but also the C&D Clusters, the so-called White Areas with low population density. The. In Italy, the infrastructure is primarily split into two categories: FTTH (Fiber to the Home) and FTTC (Fiber to the Cabinet).
