

How much does Sudanese mesh cable tray cost

AI Overview

Wire mesh cable trays in Sudan are generally affordable, with prices influenced by material, size, and supplier, typically ranging from \$2 to \$25 per meter depending on specifications. Overview of Wire Mesh Cable Tray Costs Wire mesh cable trays, also known as basket trays, are among the most cost-effective cable management solutions due to their lightweight design, ease of installation, and minimal maintenance requirements. They are commonly made from steel or aluminum, often recyclable, and suitable for data centers, offices, and light industrial applications. The average price per meter for wire mesh trays globally ranges from \$2 to \$25, depending on material, type, size, and surface finish. Steel trays, especially pre-galvanized, are cheaper, while aluminum or stainless steel options are more expensive due to durability and corrosion resistance. Factors Affecting Cost in Sudan

Material Type:

- Pre-galvanized steel: Most affordable, suitable for dry indoor areas.
- Hot-dip galvanized steel: Higher cost, ideal for outdoor or humid environments.
- Aluminum: Lightweight and corrosion-resistant, moderately priced.
- Stainless steel: Highest cost, used in highly corrosive or hygienic environments.

Supplier and Brand: Local suppliers in Sudan, such as Jeetmull Jaichandlall, are recognized for competitive pricing and global service. Prices may vary depending on bulk orders, customization, and delivery options.

Installation and Project Scope: Wire mesh trays are easy to install, reducing labor costs compared to conduit or ladder trays. Large projects may benefit from bulk discounts.

Practical Considerations Wire mesh trays are lightweight, ventilated, and flexible, making them ideal for routing multiple small cables. They are cuttable and bendable with simple hand tools, which reduces installation time and cost. Choosing the right material and coating ensures...
