

Huawei MA5626 Optical Module

Overview

Huawei H83MMA562622 is an operator-grade xPON remote optical access module designed for compact FTTB/FTTC deployments. It integrates a single GPON and EPON uplink with 24 Fast Ethernet user ports, ideal for Asian, European, African, and North American access networks. With AC 110V/220V power. High quality 100% Original SFP Huawei ONU HPSP2120 GPON EPON MA5626 MA5620 from China, China's leading product market Huawei Optical Transceiver product, with strict quality control Huawei Optical Transceiver factories, producing high quality Huawei Optical Transceiver Products. Compatible with Huawei GPON/EPON Devices Designed for seamless integration with HUAWEI MA5626 and MA5612 systems, this LTE3468L-BHG+ module ensures reliable performance in fiber optic networks. High-Performance Fiber Optic Module This PON-ONU SFP module supports up to 20km transmission distance. We provide network design&planning, configuration, troubleshooting, maintenance and training service in world wide and customized technical solutions for customers. Warranty Policy All items are.
