

Huawei Power Module Photovoltaic

Overview

The Huawei LUNA2000-10KW-C1 Power Module is a core component of the Huawei Smart String Energy Storage System, designed to deliver scalable, safe, and high-performance energy storage for both residential and small commercial photovoltaic applications. HUAWEI FusionSolar advocates green power generation and reduces carbon emissions. It provides smart PV solutions for residential, commercial, industrial, utility scale, energy storage systems, and microgrids. Compared with the N & W type double-column structure, its independent column p talla-tion conditions. It has high flexibility and can handle larger spans than th ted from Carbon Steel.
