

Inquiry about UK industrial switches

AI Overview

UK industrial switches are available in a wide range of types and specifications, designed for automation, process control, and harsh environments, with multiple suppliers offering both electromechanical and networked solutions.

Types and Applications

Industrial switches in the UK cover a broad spectrum of applications:

- Electromechanical switches:** Includes rocker, toggle, rotary, foot, and key switches, used to control machinery, circuits, and safety mechanisms in industrial systems.
- Digital and networked switches:** Ethernet and industrial-grade network switches designed for Smart Cities, traffic control, and critical operations, with certifications for vibration, shock, and extreme temperatures.
- Specialized switches:** Touchless, biometric, illuminated, and heavy-duty switches for automotive, marine, military, and industrial automation.

Key Features

- Durability and protection:** Many switches are sealed to IP66/IP68 standards, providing resistance to dust, water, and harsh environmental conditions.
- Electrical ratings:** Options for AC and DC circuits, multiple poles (1–4), and current ratings up to 20A or higher.
- Mounting and actuation:** Snap-in, panel, or DIN rail mounting; actuation via lever, rocker, or touch.
- Certifications:** UL, CSA, VDE, and NEMA-TS2 compliance ensures safety and reliability in industrial applications.

Leading UK Suppliers

- Techna UK:** Offers electromechanical and digital switches, including illuminated rocker and toggle switches, with custom colors and legends.
- Farnell UK:** Provides a wide range of industrial switches for automation and process control, including pushbuttons and touchless switches, with fast delivery and technical support.
- Access Electrical (Services) Ltd:** Distributor of Johnson Electric, Cherry, Baumer, Schmersal, and Steute products, covering microswitches, solenoids, sensors, and motors.
- D-Link UK:** Specializes in rugged industrial network switches for extreme environments, supporting rapid failover and Smart City applications.
- RS Components UK:** Offers electromechanical switches fro...
