

Iranian Armored Temperature Measuring Optical Cable Specifications and Manufacturers

AI Overview

Iranian armored temperature-sensing optical cables are typically constructed with stainless steel, Kevlar reinforcement, and multimode fibers, produced by specialized companies like Isfahan Optics Industries and other domestic fiber optic manufacturers.

Cable Specifications

Construction: The sensing fiber is placed inside a stainless steel threaded tube for mechanical protection. Kevlar fibers are tightly wrapped around the tube to provide tensile strength. An additional layer of stainless steel wire is woven outside the tube for armoring. The outer sheath is made of flame-retardant LSZH (Low Smoke Zero Halogen) material, ensuring safety in fire-prone environments. The fiber itself is multimode, optimized for Raman scattering, which is essential for distributed temperature sensing (DTS) applications.

Performance Characteristics: Designed for high durability in harsh environments, including industrial and petrochemical installations. Suitable for direct burial, rocky terrain, and outdoor applications, providing both tensile strength and environmental protection. The cable supports distributed temperature sensing, allowing continuous monitoring along its length. Armoring and protective layers ensure resistance to mechanical stress, moisture, and abrasion.

Iranian Manufacturers

Isfahan Optics Industries (IOI) A subsidiary of Iran Electronics Industries (IEI), under the Ministry of Defense. Produces optical components and devices, including military-grade thermal cameras and electro-optical systems. Capable of manufacturing specialized armored optical cables for defense and industrial applications.

Domestic Fiber Optic Cable Suppliers Iran hosts over 400 fiber optic cable manufacturers, offering a range of pr...

Iran Cable manufacturing company

Iran Cable manufacturing company was established in Oct . 1965 with joint venture of Iranian and German parties under name of Iran-Bayka Cable Mfg .Factory

Navigating Supplier Options for Armored Temperature Measuring Cable ...

Introduction: Selecting armored temperature measuring cables from suppliers with strict quality control and OEM/ODM customization ensures durable, precise thermal data in harsh

Heat Resisting Armored DTS Sensor Fiber-optical cable

1□Very wide temperature range,-60°C~150°C,-40°C~200°C,-40°C~300°C optional;
2□Attrition resistance,corrosion resistance,non-hydrophilic,non-oleophylic,using for long term in the

Steel Wire Armoured CT

Prysmian Group Direct buried cables Draka Steel Wire Armoured Central Tube Optical Cable Cable Design Fibre Identification: Every fibre in a tube is uniquely identified by a different colour.

Optical Fibre Cable (OFC) | Finolex Cables.

Finolex is a leading OFC manufacturer in India, with three plants including two specialized in optical fibre cables and one in optical fibre production. These facilities, equipped with the latest technology, meet

Dts Distributed Temperature Sensing Armored Fiber

Dts Distributed Temperature Sensing Armored Fiber Optic Cable, Find Details and Price about Armored Measuring Temperature Cable Dts Distributed Optical Fiber

Distributed temperature measurement optical fiber armored temperature ...

The high-temperature resistant armored temperature measurement optical cable adopts PTFE, which extends its long-term use temperature to -60 °C~150 °C, and the maximum temperature can reach

Armored Temperature Measuring Cable – Temperature Sensor

Industrial-grade armored cable designed for temperature sensor manufacturers, temperature sensor supplier systems, and temperature control sensor applications.

DiTemp Ordinary Temperature Sensing Cable

Thanks to the special package design the Ordinary Temperature Sensing cable offers high tensile strength, crush resistance, lateral water tightness, chemical

Armored optical cable, Shielded optical cable

Find your armored optical cable easily amongst the 87 products from the leading brands (BANNER, CORNING, LAPP, ...) on DirectIndustry, the industry

Thermal Engineering Solutions And Specialised Cables

We are a thermal engineering and specialized cable manufacturer established in 1990. Our products include contact and infrared temperature sensors, a range of

0 Price Of Iranian Temperature Measuring Optical Cable jobs

Today's top 0 Price Of Iranian Temperature Measuring Optical Cable jobs in United States. Leverage your professional network, and get hired. New Price Of Iranian Temperature Measuring

Marine and Offshore Cables
