

Middle East electrical distribution box processing and customization manufacturer

AI Overview

The Middle East hosts several specialized manufacturers of electrical distribution boxes offering local production, customization, and advanced processing technologies to meet regional standards and project-specific requirements. Key Manufacturers and Capabilities

1. **Al Safeenah (UAE)** Al Safeenah produces high-quality distribution boxes constructed from carbon steel, stainless steel, or thermoplastic, designed for durability and environmental resistance. Their products feature IP65/IP66 weatherproof ratings, modular DIN-rail mounting, and corrosion-resistant coatings, making them suitable for construction sites, industrial plants, telecommunications, commercial buildings, and renewable energy projects.
2. **Coloria Group (Saudi Arabia)** Coloria operates a local distribution box factory in Saudi Arabia, combining global manufacturing standards with local insights. They specialize in customized solutions that comply with Saudi electrical codes (SASO standards) and can adapt designs for extreme temperatures, coastal environments, or high-rise hospitals. Local production ensures rapid response to project needs and supports Vision 2030 goals for industrial localization.
3. **Al Amazon Industries LLC (Sharjah, UAE)** Al Amazon manufactures standard and extendable enclosures in aluminum and stainless steel, tailored to client specifications. Their plant includes punching, bending, shearing, and gasket processes, along with an in-house powder coating facility. They can produce enclosures according to ADDC, DEWA, SEWA, FEWA, and other regional standards, offering flexibility for unique project designs.
4. **Vililong (Middle East)** Vililong provides customizable wall-mounted electrical enclosures eng...
