

Monaco Stainless Steel Cable Tray Price List

AI Overview

Monaco stainless steel cable trays typically range from \$0.8 per unit for bulk orders to \$25 per meter depending on material, type, and finish.

Price Overview The cost of Monaco stainless steel cable trays varies based on material grade, tray type, size, coating, and order quantity. Stainless steel trays are more expensive than galvanized steel or plastic due to their corrosion resistance and durability. Bulk orders can significantly reduce the per-unit price, sometimes by 20%–40% for large-scale purchases.

Unit Pricing: Some suppliers list stainless steel cable trays starting at \$0.8 per unit for bulk purchases.

Per-Meter Pricing: Average prices range from \$2 to \$25 per meter, depending on tray type (solid, perforated, ladder, or wire mesh), width, height, and surface finish.

Bulk Discounts: Ordering in large quantities can lower costs substantially, especially for commercial or industrial projects.

Factors Affecting Price

Material: Stainless steel (AISI 304 or 316) is more expensive than galvanized steel or aluminum due to higher corrosion resistance.

Tray Type: Ladder trays are costlier than perforated or wire mesh trays because they support heavier cables.

Coating & Finish: Powder-coated or HDG trays increase durability but add to the cost.

Dimensions: Wider and thicker trays require more material, increasing the price.

Supplier & Location: Prices vary by region and supplier margins; importing from countries like China can reduce costs by 30%–50%.

Recommendations For industrial or outdoor applications, stainless steel trays are ideal despite higher costs due to longevity and corrosion resistance. For sensitive environments like cleanrooms or data centers, stainless steel ensures interference-free routing and hygiene.

Contact suppliers directly for custom quotes, as prices fluctuate with material costs, order size, and seasonal demand. By considering these factors, buyers can select the mo...
