

Philippine Switch Manufacturers

AI Overview

The Philippines hosts a diverse range of switch manufacturers, covering electrical wall switches, industrial switchgears, network switches, and membrane switches, with companies like Omni, Meiji Electric, Controlgear Electric, Cosine Industries, and Central-Midori leading the market.

Electrical Wall Switch Manufacturers

Omni (Yatai International Corp.): Known for high-quality wall switches made with fire-retardant materials, Omni products are certified by the Philippine National Standards (PNS) and carry the ICC Quality Mark. They are widely available nationwide and suitable for residential and commercial projects.

Meiji Electric Philippines: Offers wiring devices, controls, and circuit protection with modern metallic and glass finishes. Their products comply with the Philippine Electrical Code (PEC) and are favored for high-end residential and commercial installations.

Industrial Switchgear and Control Panels

Controlgear Electric Corporation: Specializes in manufacturing customized electrical panels, low and medium voltage switchgears, motor control centers, PLC panels, and other electro-mechanical solutions. They also provide construction services for substations, switching stations, and renewable energy projects.

Cosine Industries Inc.: ISO 9001:2015 certified, Cosine manufactures panel boards, low to medium voltage switchgears, transformers, and other electrical equipment. They serve major clients like Ayala Corporation and McDonald's Stores, and maintain partnerships with international suppliers such as ABB and People Electric.

Network Switch Manufacturers

MEC Networks Corporation: Provides high-performance switching and routing solutions for cloud, mobile, and IoT applications, emphasizing advanced networking technologies.

Sixty Switched: Offers premium private line connectivity solutions with low latency and dedicated technical support, ideal for mission-critical business operations.

D-Link Philippines: Supplies a variety of network switches with multiple Gigabit and PoE ports, advanced management features, and...
