

Price of Custom-Made Cable Trays in Portugal

AI Overview

Custom-made cable trays in Portugal typically range from €25 to €150 per meter, depending on material, size, and design complexity.

Factors Affecting Price

- Material:** Cable trays can be made from steel, stainless steel, aluminum, or plastic. Steel trays are generally more affordable, while stainless steel and specialized coatings for outdoor use increase costs.
- Type and Design:** Perforated trays allow better ventilation and are lighter, often costing slightly more than solid trays due to manufacturing complexity. Custom shapes, bends, and sizes also add to the price.
- Size and Load Capacity:** Wider trays or those designed to carry heavier cables require more material and reinforcement, increasing the cost.
- Accessories and Installation:** Supports, joints, connectors, and clips are additional costs. Some suppliers offer complete kits for easier installation.
- Supplier and Order Volume:** Prices vary between manufacturers. Bulk orders or long-term contracts may reduce per-meter costs, while small custom orders are more expensive.

Typical Price Range

- Standard steel trays: €25–€50 per meter
- Perforated or aluminum trays: €40–€90 per meter
- High-end stainless steel or fully customized trays: €100–€150 per meter

Recommended Suppliers in Portugal

- GroupSumi:** Offers a wide range of indoor and outdoor cable trays with accessories for structured installations.
- Brilltech Engineers:** Specializes in perforated cable trays suitable for data centers and industrial applications.
- Jeetmull Jaichandlall (P) Ltd.:** Provides tailored cable trays in various sizes, shapes, and colors for multiple industries.

For precise pricing, it is recommended to contact suppliers directly with your specifications, including material, dimensions, load requirements, and quantity, as custom orders can vary significantly.
