

Price of cable tray support arms in Nepal

AI Overview

Cable tray support arms in Nepal typically range from NPR 500 to NPR 2,500 per piece, depending on material, size, and load capacity. Overview Cable tray support arms are essential accessories used to mount and secure cable trays in industrial, commercial, and residential installations. They are available in various materials such as galvanized steel, stainless steel, and powder-coated metal, which affect both durability and price. The size and load-bearing capacity of the support arm also influence the cost. Price Range Light-duty support arms (for small cable trays or low load) generally cost around NPR 500–1,000 per piece. Medium-duty support arms (for standard ladder or perforated trays) are priced approximately NPR 1,000–1,800 per piece. Heavy-duty support arms (for large trays or high-load applications) can range from NPR 1,800–2,500 per piece. Where to Buy Daraz Nepal – Offers a variety of cable trays and accessories online, suitable for small to medium projects. Local Manufacturers – Companies like Cable Tray Company Nepal and Vaishno Storage Solution manufacture and supply support arms along with cable trays, often providing customization for size, material, and finish. Electrical Suppliers – Retailers such as Kiashe Electricals supply metal cable trays and accessories suitable for industrial and commercial installations. Tips for Purchasing Confirm the load capacity and material type to match your installation requirements. Check if the support arms are compatible with ladder, perforated, or solid-bottom cable trays. For bulk orders, contact manufacturers directly to negotiate better pricing and delivery options. By considering these factors, you can select the appropriate cable tray support arms for your project while staying within budget.
