

Quote for fireproof metal cable trays in Israel

AI Overview

You can obtain fireproof metal cable trays in Israel from several reputable manufacturers and suppliers, with options in galvanized steel, stainless steel, and fiberglass, suitable for industrial and commercial projects. Suppliers and Options:

- Brilltech Engineers** – Offers high-quality cable trays in Israel made from galvanized steel, stainless steel, and fiberglass, designed for durability, fire resistance, and compliance with industry standards. They provide perforated, ladder, and mesh trays for optimal airflow, heat dissipation, and cable protection. You can request a free quote by contacting their team to discuss project requirements and custom specifications.
- Cable House** – A leading manufacturer and exporter in Israel, providing durable and reliable cable trays with long operating life. They offer a wide range of sizes and configurations, suitable for fireproof applications, and can provide competitive pricing upon enquiry.
- Vashi Integrated Solutions** – Supplies industrial-grade cable trays including perforated, ladder, unperforated, and mesh types. Their trays are suitable for industrial, commercial, and infrastructure projects, including data centers, solar power systems, and oil and gas facilities. They offer custom sizes, coatings, and accessories, and you can request a quote directly from their website.

Key Considerations:

- Material:** For fireproof applications, galvanized steel or stainless steel trays are recommended due to their high heat resistance and durability. Fiberglass trays are also fire-resistant and suitable for corrosive environments.
- Tray Type:** Ladder trays for heavy-duty power cables; Perforated trays for light-duty wiring with ventilation; Mesh trays for flexible installations and easy modifications.
- Compliance:** Ensure the trays meet local safety and fire standards for electrical installations in Israel.
- Customization:** Many suppliers offer custom lengths,...
