

Saudi Arabia s optical fiber cable ownership

Overview

Middle East Fiber Cable Manufacturing Co. MEFC has established itself as the leader in manufacturing fiber optic cables, and solution provider for the telecommunications and industrial. Saudi Arabia is surrounded by major fibre-optic cables - but the Trans Europe Asia System will be the first such project to cross the country (telegeography). (MEFC) is a Saudi-Japanese (Fujikura) partnership located in Riyadh, Saudi Arabia. While megaprojects like NEOM, The Line, Oxagon, and Trojena capture global attention, their very existence and functionality are predicated on an equally. Product Mix: They are a primary supplier of OPGW (Optical Ground Wire) and Hybrid Cables (Power + Data) used in 5G base stations. Approvals: They hold every major certification required in the Kingdom, including strict Aramco approvals for hazardous environments.
