

Singapore cable tray fireproof board manufacturer

AI Overview

Ferrotech, Foresight Metal Engineering, and SMARTtr International are leading suppliers of fireproof or fire-retardant cable trays in Singapore. Key Manufacturers and Suppliers

1. **Ferrotech** Ferrotech specializes in FRP (fiberglass reinforced plastic) cable tray systems that are fire-retardant and highly durable. Their trays are made from premium fire-retardant resins, reinforced with fiberglass, and meet stringent fire safety standards. Options include Isophthalic Polyester (IFR) for industrial-grade fire resistance and Vinyl Ester resin for enhanced chemical resistance. These trays are non-conductive, UV-resistant, and provide excellent corrosion resistance, making them suitable for chemical plants, refineries, and marine environments.
2. **Foresight Metal Engineering Pte Ltd** Foresight Metal Engineering offers metal cable trays, trunkings, and ladders for commercial and industrial projects. While primarily metal-based, their products are designed to meet industry standards for safety and durability. They provide customized solutions and technical support for projects requiring fire-resistant cable management systems.
3. **SMARTtr International Pte. Ltd.** SMARTtr is a Singapore-based manufacturer specializing in electrical cable containment and support systems, including cable trays, trunking, and stainless steel containment solutions. Their products comply with BS EN, UL, IEC, and other international standards, ensuring fire safety and reliability for industrial, commercial, and data center applications.

Additional Options Voltec (Takaso Industries Singapore) provides cable trunkings, trays, and ladders suitable for construction projects, with a focus on quality and compliance. AEHUB International supplies a wide range of electrical materials, including industrial-grade and explosion-proof products, which may include fireproof cable containment solutions.
