

Suriname Electrical Distribution Box Manufacturers Website

AI Overview

Brilltech Engineers Pvt. Ltd. and E-Abel are key manufacturers providing electrical distribution boxes and panels in Suriname. Brilltech Engineers Pvt. Ltd. is a leading manufacturer of electrical panels and distribution boxes in Suriname, established in 2007. They offer a wide range of products including load management panels, rising mains, cable trays, bus ducts, and power distribution panels, all designed to meet industry standards and customer-specific requirements. Their manufacturing facility is equipped with advanced machinery, and they perform stringent quality checks from raw material procurement to final packaging. Brilltech also provides customized solutions for industrial and commercial applications, ensuring compliance with international quality standards and ISO certifications. E-Abel specializes in custom electrical distribution panels and has experience delivering solutions for industrial projects in Suriname, such as beverage bottling plants. Their products include main switch panels, sub-distribution panels, and UPS-related supply paths, designed to support safe, scalable, and organized power distribution in industrial environments. E-Abel focuses on tailored solutions that align with European-style compliance and operational requirements, making them suitable for complex industrial setups. They provide engineering support and project-specific design services, ensuring that the distribution architecture meets both current and future operational needs.

Summary

For businesses or projects in Suriname seeking electrical distribution boxes, Brilltech Engineers Pvt. Ltd. and E-Abel are prominent options. Brilltech offers a broad range of standard and customized panels with ISO-certified quality, while E-Abel provides project-specific, industrial-grade distribution solutions with engineering support.
