AI Overview

Swiss galvanized cable tray prices vary based on type, size, material, and supplier, with quotes typically provided upon request. Suppliers and Product Options Several suppliers in Switzerland offer galvanized cable trays: Distrelec Switzerland stocks a wide range of cable trays, ducts, and trunking with next-day delivery and expert advice, suitable for industrial and commercial applications. Indupart (X-Tray) provides high-quality galvanized steel wire trays with tested welding points and high load capacity, designed for support distances of 2 meters. Brilltech Engineers Pvt. Ltd manufactures and supplies customized galvanized cable trays, including ladder, perforated, and hot-dip galvanized options. They focus on robust construction, corrosion resistance, and compliance with international standards, offering tailored solutions for industrial, commercial, and residential projects.
