

Uganda electrical distribution box brands

AI Overview

Leading manufacturers of electrical distribution boxes in Uganda include Omega General Electricals, Shayona Electricals Ltd., and Arc Control Ltd., all offering custom switchboards and compliance with international standards.

Key Manufacturers

- 1. Omega General Electricals** Omega General Electricals is a Ugandan manufacturing company with in-house electrical engineers and draftspeople. They specialize in custom switchboards and switchgear, designed to meet UL 891, UL 1558, NEMA 3R/4X, and IEEE 1584 standards. They provide design support for complex projects, including breaker selection, CAD layouts, arc flash analysis, and automation integration. Lead times for custom builds typically range from 3–6 weeks, with expedited options available. Omega serves residential, commercial, and industrial clients across Uganda and the East African region (South Sudan, DRC, Rwanda, Burundi).
- 2. Shayona Electricals Ltd.** Shayona Electricals manufactures electrical power switchboards, control panels, power factor correction banks, and feeder pillars for both domestic and industrial use. They emphasize international quality standards and provide full project services from design to after-sales support. Shayona also integrates automation and electrical technology solutions for large infrastructure projects, industrial plants, and commercial developments.
- 3. Arc Control Ltd.** Based in Kampala, Arc Control Ltd. is ISO 9001:2015 certified and specializes in the design and manufacturing of electrical switchboards, servo voltage stabilizers, bus ducts, cable trays, and MV/HV switchgears. They offer comprehensive power distribution solutions, including package substations and transformers, with a focus on reliability, safety, and global quality standards.

Additional Suppliers Elektrex provides a wide range of electrical products and installation services, including power distribution equipment and solar solutions, though they primarily focus on supply and installation rather than in-house manufacturing.
