

What are some brands of fiber optic patch cords for surveillance cameras

AI Overview

Several reputable manufacturers produce fiber optic patch cords suitable for surveillance camera systems, including AIR802, Thorlabs, CommScope, Fibertronics, and Beyondtech. Key Manufacturers

1. AIR802 AIR802 manufactures simplex and duplex fiber optic cables and assemblies, including MTRJ patch cords and adapter cables. Their products are used in TV operators, wireless internet service providers, and networking applications, making them suitable for surveillance camera networks.
2. Thorlabs, Inc. Thorlabs offers a wide range of fiber optic components, including patch cords for research, industrial, and imaging applications. They provide high-quality, customizable solutions with various connector types and fiber modes.
3. CommScope CommScope is a global leader in networking solutions, providing factory-connectorized, machine-polished fiber patch cords. Their products are designed for seamless connectivity in data centers, telecom networks, and enterprise environments, which can support large-scale surveillance systems.
4. Fibertronics, Inc. Fibertronics supplies singlemode and multimode fiber optic jumpers and patch cords. They offer custom lengths, connector types, and configurations, with options for APC and UPC finishes, as well as riser-rated, plenum-rated, and LSZH jackets, suitable for professional CCTV installations.
5. Beyondtech, Inc. Based in Florida, Beyondtech specializes in fiber patch cables, optical terminations, adapters, and connectors. They serve telecommunications and networking industries and provide global support, making them a reliable choice for surveillance camera networks.
6. Other Notable Manufacturers

Cability, Inc. – Custom fiber optic cable assemblies for networking and patch cabling .Norden Communication – Structured cabling and high-performance fiber patch cords .DIAMOND OLID, HUBER+SUHNER, TRIPPLITE, METZ...
