

What are some domestic optical cable companies

AI Overview

Key U.S.-based optical cable manufacturers include AFL, Corning Incorporated, and OFS, among others. Leading Domestic Manufacturers

AFL – Headquartered in Duncan, South Carolina, AFL is a prominent manufacturer of fiber optic products, including optical cables, connectors, fusion splicers, and test equipment. They serve telecommunications, broadband, and industrial sectors, emphasizing innovation and quality in their offerings.

Corning Incorporated – Based in the United States, Corning is a pioneer in optical fiber technology, known for producing high-purity glass, optical fibers, and fiber optic cable assemblies. They supply core components for global telecommunication networks and data centers.

OFS – OFS designs and manufactures optical fiber, fiber optic cables, connectivity solutions, and specialty photonics products. Their solutions cater to telecommunications, industrial automation, and energy sectors, with a strong focus on advanced optical technologies.

Vericom – A U.S.-based provider of fiber optic solutions for intelligent building infrastructure, offering a full range of fiber optic cables and integrated solutions for data centers and enterprise networks.

Fiber Solutions – Specializes in structured cabling and fiber optic products, providing customized solutions to enhance network stability and reliability for commercial and industrial applications.

iDream Fiber Optic Cable Co., Ltd – While primarily known internationally, they also provide U.S. operations and customized fiber optic solutions for telecommunications and enterprise networks.

Additional Notes These domestic manufacturers offer a variety of products, including singlemode and multimode fiber cables, FTTH solutions, indoor/outdoor cables, and specialty photonics components. Many hold ISO certifications and comply with industry standards, ensuring high-quality and reliable products for U.S. networks. Selecting a...
