

Which company makes the best all-plastic explosion-proof distribution boxes

AI Overview

Top manufacturers of all-plastic explosion-proof distribution boxes include Rittal, CZ Electric, Hexlon, Huarong, and Pepperl+Fuchs, all offering certified, durable, and globally recognized solutions. Leading Manufacturers Rittal produces the AX plastic Ex enclosures, designed for hazardous zones 1, 2, 21, and 22. These enclosures are made from robust, UV-resistant, fiberglass-reinforced plastic, suitable for outdoor use in extreme conditions. They feature double-seal protection, IP65/NEMA 4X rating, and certifications including IECEx, ATEX, and UL HazLoc, ensuring compliance with international safety standards. The modular design allows flexible interior installation and easy mounting options. CZ Electric Co., Ltd offers the CZ1220 full-plastic explosion-proof terminal boxes. These enclosures are widely used in petrochemicals, aerospace, medical machinery, and food processing. They support wiring from multiple directions, allow metal cable gland selection, and carry IECEx and ATEX certifications. CZ Electric has a strong global presence, exporting to over 56 countries and participating in major industrial projects. Hexlon provides durable explosion-proof distribution boxes and electrical enclosures certified for Zone 1 and Zone 2. Their products are designed for industrial applications requiring high reliability and compliance with IECEx and ATEX standards. Huarong Technology Co., Ltd is a major global manufacturer with extensive experience in explosion-proof enclosures. They produce a wide range of plastic and metal enclosures, holding over 400 international certificates and nearly 600 patents. Huarong's products are used in offshore, nuclear, and industrial safety applications, offering high-quality, certified solutions. Pepperl+Fuchs offers terminal and junction boxes in glass fiber reinforced polyester (GRP), providing high mechanical strength, temperature resistance, and IP66/NEMA...
